***2014 Tennis Center
Information***

Our Professional staff at the Dominion Country Club offers a wide variety of specialized clinics and private lessons that are available 7 days a week. Barry Mills, our Director of Tennis since 1995, will conduct a personal interview with all of our (new) members and determine exactly what level of instruction and/ or competition he/she may desire and create the appropriate program.

We have teams playing in various leagues throughout the spring and fall seasons. Currently, we have 11 Women's and Men's teams competing in USTA leagues throughout the week. There are 2 ladies teams playing in a San Antonio League on Fridays and 2 more teams playing in San Antonio's Country Club Cup on Wednesdays. There is 1 ladies Over 40 league playing on Thursday mornings.

Throughout the week lessons and clinics are available during the day and into the evening to fit any schedule, busy or otherwise. Detailed and listed below are some of the on-going programs:

For Our Adult Tennis players.

On Tuesdays we currently offer a clinic for all of our 4.0 NTRP rated players. This is an aggressive 2 hour clinic that keeps our top rated ladies in great shape. Also, on Tuesday evenings our men have a regularly scheduled league throughout the year.

On Wednesdays there is a singles clinic for all levels. We ask our members to sign up in pairs to guarantee a fair workout. In addition, there is clinic specifically designed for our 3.0 players.

On Thursdays, there is another opportunity for the 3.0 level and for our 3.5 rated players. Both of these clinics are 1 1/2 hours long and work hard on improving all aspects of team doubles and singles play.

In the evening we offer a clinic for our men and women at all levels. All drills are between the professional and the player so there is always a perfect workout for whomever joins our pros.

On Fridays the clinic currently available is for our 2.5 players. This level is for the less experienced and introduces players into league play.

Saturday is our Workout day. The clinic offered is taught by all of our senior professionals and is the most attended clinic of the week. Our members and their guests are taken through some physical drills that are always catered toward the level of the player. Do not be afraid but come ready to work!

On Sunday we offer a similar clinic to Saturday's Workout. The clinic is in the afternoon whereas Saturday's is in the morning.

For Our Junior Players - The Dominion Tennis Academy. DTA.

Our Academy program has a level of play for all ages beginning at 3 ½ years through to the 17 year old nationally ranked player.

All of the following programs continue throughout the entire year.

The program dedicated to the 3 ½ through 7 year olds starts at 4pm and finishes at 5pm on Tuesdays and Thursdays only. Programs for the 7-8 year olds begin at 5pm and finish at 7pm, Monday through Thursday. During the summer months the program starts at 3pm and finishes at 6pm.

(There are wonderful Summer Camps available here at the Dominion. Please refer to our Summer Camp information.)

Age 3 ½ through 7yrs.

Tuesdays and/or Thursdays from 4.00pm – 5.00pm.

This innovative program is designed to introduce youngsters to this lifetime sport. All of our professional staff teaches this class keeping the emphasis on fun and learning. All the children will learn the basic grips, footwork, strength and agility, hand eye coordination and rules of the game. A child may come once or twice a week.

Ages: 7-17

Monday through Thursday from 5.00pm – 7pm.

This program focuses on taking our juniors to the next level. The objective is to continue learning the basic fundamentals and techniques of the game and develop those skills to attain a national ranking and college scholarship. The player will be consistently pushed with regard to his/her fitness and their mental toughness within competition. We will focus on improving stroke production and tournament preparation. We introduce match play and encourage these children to start playing USTA tournaments. We support all the local middle and high schools and encourage USTA Junior Team Tennis participation. A player may participate in our academy for 2, 3 or 4 days per week.

DTA is a unique program. All of the players physically train together and travel together to tournaments or special events to create a sense of community and responsibility. Each player will feel they are part of a team. This is very important in what is a very individualistic sport. Our older more experienced players are expected to mentor their younger counterparts, run alongside them in fitness, hit the occasional ball with them and generally show an interest in their tennis. We, at DTA, are a family and all members take pride in themselves and their team mates.

Join The Academy and experience our commitment to excellence!
